Bitfarms Enters into Second 10,000 Miner Hosting Agreement with Stronghold Digital Mining

**- Follows initial 10,000 miner hosting agreement announced in September –
- Agreement supports 2.2 EH/s -**

This news release constitutes a "designated news release" for the purposes of the Company's amended and restated prospectus supplement dated October 4, 2024, to its short form base shelf prospectus dated November 10, 2023.

Toronto, Ontario and Brossard, Québec (October 31, 2024) - Bitfarms Ltd. (NASDAQ/TSX: BITF) ("Bitfarms" or the "Company"), a global leader in vertically integrated Bitcoin data center operations, has, through one of its subsidiaries, entered into a second miner hosting agreement (the "Hosting Agreement") with Stronghold Digital Mining Hosting, LLC, a subsidiary of Stronghold Digital Mining, Inc. (NASDAQ: SDIG) ("Stronghold") at Stronghold's Scrubgrass site in Pennsylvania.

Under the terms of the Hosting Agreement, Bitfarms will deploy an additional 10,000 miners, originally expected to be used for its Yguazu, Paraguay site, to Stronghold's Scrubgrass site. Energization is anticipated to start in December 2024.

"Optimizing our assets with these rapid upgrades at Stronghold's Pennsylvania sites will provide significant near-term value for Bitfarms," stated Ben Gagnon, CEO. "The 20,000 miners we are deploying at the two sites between the two hosting agreements will boast efficiency of ~20.5 w/TH, continuing to improve our overall fleet efficiency. Vertically integrating our operations with Stronghold's existing power generation infrastructure reduces capital expenditure requirements and allows us to take greater control over our cost of power via energy trading and better utilization of the T21's wide range of operating modes. We look forward to completing our acquisition of Stronghold and executing our strategy to increase our U.S. footprint and diversify beyond Bitcoin mining."

The initial term of the Hosting Agreement will expire on December 31, 2025, after which it will automatically renew for additional one-year periods unless either party provides written notice of non-renewal. Pursuant to the Hosting Agreement, Bitfarms will pay Stronghold a monthly fee equal to fifty percent of the profit generated by the Bitfarms miners. In connection with the execution of the Hosting Agreement, Bitfarms also deposited with Stronghold \$7.8 million, equal to the estimated cost of power for three months of operations of the Bitfarms miners, which will be refundable in full to Bitfarms at the end of the initial term.

Notwithstanding the foregoing, BMS agrees that Stronghold will not be liable for any delays in the hosting or installation of the Bitcoin Miners and PDUs unless such delays are caused by the gross negligence or willful misconduct of Stronghold. BMS agrees that Stronghold may contract to sell capacity and energy to additional parties and may contract with third parties to provide similar services; *provided, however*, that such contracts do not breach or cause a breach under this Agreement.
- 1.2. Hosting Services. Upon delivery of the Bitcoin Miners and PDUs to Scrubgrass, Stronghold agrees to unload, install, provision, maintain, and operate the Bitcoin Miners and PDUs at Scrubgrass as instructed in writing by BMS, so long as such instruction is commercially reasonable. - 1.3. Mining. Subject to the terms hereof, Stronghold shall direct mined tokens derived from the operation of the Bitcoin Miners and PDUs to a wallet that is controlled by BMS. Stronghold shall be granted view-only rights to the wallet that is controlled by BMS. BMS shall determine the pool to which the Bitcoin Miners' and PDUs' hashpower shall be directed.
- 1.4. Identification. BMS will ensure that all Bitcoin Miners and PDUs are labelled or otherwise marked such that Stronghold can identify that BMS is the owner of such Bitcoin Miners and PDUs.
- 1.5. Site Security. Stronghold will provide adequate and reasonable site security at Scrubgrass in accordance with industry standards.

2. Term and Termination.

- 2.1. Term. The term of this Agreement (the "Hosting Term") shall commence on November 1, 2024, and shall remain effective until December 31, 2025. The term of this Agreement shall automatically renew for additional one (1) year periods (such renewal period(s), together with the Hosting Term, the "Term") unless one party notifies the other in writing at least sixty (60) days prior to the conclusion of the then-current Term
- 2.2. Termination; Exclusion of Certain Bitcoin Miners and PDUs.
 - 2.2.1. Solely upon the occurrence of an Event of Default that has not been cured (to the extent a cure is permissible) within fifteen (15) days under this Agreement, Stronghold or BMS may terminate this Agreement.
 1. The following events shall constitute an "Event of Default" under this Agreement: failure by any Party to make payment on undisputed amounts when due; failure to maintain any Bitcoin Miner or PDU as required hereunder; a material breach of the representations and warranties contained in this Agreement; a material breach of any covenant or provision of this Agreement, a Party shall file a voluntary petition or commence a case in bankruptcy in a proceeding under any bankruptcy or insolvency law or seek relief under the provisions of any other insolvency, reorganization or similar law either now existing or that may in the future exist, providing for the winding up or termination of its existence as a limited liability company, or shall make a general assignment for the benefit of its creditors; and an involuntary petition or filing to commence a case or proceeding under any bankruptcy or insolvency law shall have been filed by any creditor of a Party (or other third-party with adequate standing to make such filing). Provided, however, that the events of default listed above shall not constitute an Event of Default to the extent cured within fifteen (15) days.

SPECIFIC TERMS IN THIS EXHIBIT HAVE BEEN REDACTED BECAUSE SUCH TERMS ARE BOTH NOT MATERIAL AND ARE THE TYPE THAT THE REGISTRANT TREATS AS PRIVATE OR CONFIDENTIAL. THESE REDACTED TERMS HAVE BEEN MARKED IN THIS EXHIBIT WITH (REDACTED).

2. If a Party, in good faith, disputes any payment called for herein, that Party shall submit to the other Party, by the due date, full payment of the undisputed portion of the payment, and written documentation identifying and substantiating the disputed amount. If Party does not report a dispute within fifteen (15) calendar days following the date when the payment is due to be paid, that Party shall have waived its right to dispute the invoice or charge. The Parties agree to use their respective commercially reasonable efforts to resolve any dispute within ten (10) days after a Party receives written notice of a dispute from the other Party. Any disputed amounts resolved in favor of BMS shall be credited to the Actual Payment Amount due to or by BMS for the next month following resolution of the dispute. Any disputed amounts resolved in favor of Stronghold shall be offset against the Actual Payment Amount due to or by BMS for the next month following resolution of the dispute.
- 2.2.2. This Agreement shall no longer apply to any Bitcoin Miner or PDU, and such Bitcoin Miner or PDU shall be excluded from any calculations used to determine any payments, profits or fees, that (i) is not in working order, (ii) is “Economically Obsolete” (as defined herein), or (iii) is removed and replaced pursuant to Section 5.3.
1. “Economically Obsolete” shall mean when a Bitcoin Miner or PDU has an Implied Bitcoin Mining Revenue that is less than the Agreement Cost of Power for three (3) consecutive months or if a Bitcoin Miner or PDU is not in working order.
2. “Not in working order” means not functioning normally for more than thirty (30) consecutive days after Stronghold provides written notice to BMS that a Bitcoin Miner or PDU is not functioning properly which written notice shall include calculations related to the performance of that Bitcoin Miner or PDU. BMS shall have the right to replace that Bitcoin Miner or PDU with a replacement Bitcoin Miner or PDU or to repair that Bitcoin Miner or PDU to bring it to normal function. Stronghold shall hold a space at the Mining Facility for that Bitcoin Miner or PDU to be replaced or repaired for thirty (30) days after notice is given to BMS.
3. In each case, BMS shall have thirty (30) days to either (i) in the case of 2.2.2.1, provide a new Bitcoin Miner or PDU that is not Economically Obsolete; or (ii) in the case of 2.2.2.2, provide a replacement Bitcoin Miner or PDU or provide necessary spare parts to cure any defects in the applicable Bitcoin Miner or PDU.
4. In the event a Bitcoin Miner or PDU is removed and replaced pursuant to Section 5.3, this Agreement shall apply to the replacement Bitcoin Miner or PDU supplied by BMS commencing upon delivery of such replacement Bitcoin Miner or PDU by BMS to Stronghold at Scrubgrass.

SPECIFIC TERMS IN THIS EXHIBIT HAVE BEEN REDACTED BECAUSE SUCH TERMS ARE BOTH NOT MATERIAL AND ARE THE TYPE THAT THE REGISTRANT TREATS AS PRIVATE OR CONFIDENTIAL. THESE REDACTED TERMS HAVE BEEN MARKED IN THIS EXHIBIT WITH (REDACTED).

2.2.3. Additional Remedies.

1. If BMS fails to make any undisputed payment required hereunder and such payment failure has not been remedied in accordance with Section 2.2.1 above, within thirty (30) days, then in addition to any other rights and remedies it may have, Stronghold shall have the right, with written notice to BMS, to redirect mining revenue from the Bitcoin Miners and PDUs, or to collect 100% of electricity sales (or any combination thereof) for Stronghold's sole account (such redirection of mining or electricity revenue shall be known as "Stronghold Self Operation").
2. Should Stronghold's Net Self Operation Income earned in the first thirty (30) days of Stronghold Self Operation equal or exceed 105% of the undisputed payment that BMS failed to pay to Stronghold, the Parties shall consider BMS's failure to pay that undisputed amount to be cured. "Net Self Operation Income" is calculated as (x) the product of the gross revenues received by Stronghold during Stronghold Self Operation and the BMS Share applicable during the month prior to BMS's failure to make an undisputed failure payment *minus* (y) the product of the Total Cost and the BMS Share applicable during the month prior to BMS's failure to make an undisputed failure payment. For the avoidance of doubt, once the non-payment of the undisputed amount is cured, Stronghold shall redirect the mining revenue as per the original terms of this Agreement, subject to Section 2.2.3.4 below.
3. Should Stronghold not receive 105% of the undisputed payment that BMS failed to make to Stronghold earned in the first thirty (30) days of Stronghold Self Operation, as calculated in Section 2.2.3.2, then upon five (5) Business Days' notice to BMS, Stronghold may in its sole discretion, in addition to any other rights and remedies it may have, (a) reconfigure for Stronghold's use, or (b) remove and store at BMS's expense, all or any portion of the Bitcoin Miners and PDUs without any cost, obligation or liability of Stronghold to BMS until such undisputed payment owed by BMS is made.
4. Should BMS fail to make more than one undisputed payment required hereunder and such second payment failure is not remedied in accordance with Section 2.2.1 above, then, in addition to any other rights and remedies it may have, Stronghold shall have the right, in its sole discretion, with written notice to BMS, to immediately (a) reconfigure for Stronghold's use, or (b) remove and store at BMS's expense, all or any portion of the Bitcoin Miners and PDUs without any cost, obligation or liability of Stronghold to BMS until such undisputed payment is made, without the obligation to comply with in Stronghold Self Operation or offset any unpaid amounts with any Stronghold Self Operation Income prior to taking such action.

SPECIFIC TERMS IN THIS EXHIBIT HAVE BEEN REDACTED BECAUSE SUCH TERMS ARE BOTH NOT MATERIAL AND ARE THE TYPE THAT THE REGISTRANT TREATS AS PRIVATE OR CONFIDENTIAL. THESE REDACTED TERMS HAVE BEEN MARKED IN THIS EXHIBIT WITH (REDACTED).

- 2.3. The Parties agree that in the event of a termination of this Agreement as provided for herein, neither Party shall have a duty or obligation to mitigate unless otherwise indicated in this Agreement.
- 2.4. Access; Removal of Property. Upon the occurrence of an Event of Default, BMS shall, upon written notice to Stronghold, immediately have the right to access the Mining Facility during the Access Period (as defined herein) for the purpose of removing any of the Bitcoin Miners and PDUs from the Mining Facility at BMS's sole cost and expense; *provided, however*, that should the Access Period be tolled due to stay by the Court in a bankruptcy, insolvency or similar debtor proceeding, after any such stay is lifted, BMS shall have any time that remained before the tolling to conclude the exercise of the rights and removal of the Bitcoin Miners and PDUs for the Access Period. Stronghold will not unreasonably withhold access to Scrubgrass or otherwise obstruct the process of removing the Bitcoin Miners and PDUs. Should BMS fail to remove the Bitcoin Miners and PDUs in the time provided above, Stronghold shall be permitted, at its sole discretion, to (i) operate the Bitcoin Miners and PDUs and keep 100% of the proceeds generated by the Bitcoin Miners and PDUs from the end of such period until the Bitcoin Miners and PDUs are actually removed or (ii) remove all Bitcoin Miners and PDUs and return them to BMS, for which BMS shall immediately reimburse Stronghold for its costs and expenses to do so, and Stronghold shall not have liability for the condition of the Bitcoin Miners and PDUs delivered to BMS, so long as such Bitcoin Miners were maintained as specified herein and, with respect to the removal and return or storage of the Bitcoin Miners and PDUs, absent Stronghold's gross negligence or willful misconduct in performing such tasks. As used herein, the term "Access Period" shall mean the period beginning on the date set forth in the written notice required pursuant to this Section 2.4 and ending on the earlier to occur of (i) ninety (90) days from the date set forth in BMS's notice of exercise or (ii) ninety (90) days after the expiration or earlier termination of this Agreement in accordance with its terms.
- 2.4.1. During the exercise of BMS's rights pursuant hereto, Stronghold shall permit BMS and its agents and nominees to gain access to Scrubgrass and the Mining Facility for the purpose of enforcing its security interest in the Bitcoin Miners and PDUs, including, without limitation, protecting, removing, or disposing of or liquidating the Bitcoin Miners and PDUs.
- 2.4.2. BMS shall have access to Scrubgrass and the Mining Facility during the Access Period at no charge to BMS.
- 2.5. Stronghold Waiver and Release. Stronghold hereby waives in favor of BMS:
- 2.5.1. all rights, if any, of distraint, levy and execution which Stronghold may now or hereafter have against the Bitcoin Miners and PDUs;

SPECIFIC TERMS IN THIS EXHIBIT HAVE BEEN REDACTED BECAUSE SUCH TERMS ARE BOTH NOT MATERIAL AND ARE THE TYPE THAT THE REGISTRANT TREATS AS PRIVATE OR CONFIDENTIAL. THESE REDACTED TERMS HAVE BEEN MARKED IN THIS EXHIBIT WITH (REDACTED).

2.5.2. all statutory liens, security interests, or other liens, if any, which Stronghold may now have or hereafter have in the Bitcoin Miners and PDUs; and

2.5.3. all other interests or claims of every nature whatsoever, if any, which Stronghold may now or hereafter have in or against the Bitcoin Miners and PDUs for any rent, storage charges, or other sums due, or to become due, to Stronghold by BMS.

2.6. No Bitcoin Miners or PDUs Deemed Fixtures. The Bitcoin Miners and PDUs may be stored, used, or installed at the Mining Facility but shall not be deemed a fixture or part of the real estate but rather at all times be deemed personal property, whether or not the Bitcoin Miners or PDUs become so related to Scrubgrass and/or the Mining Facility that an interest therein arises under real estate law.

3. Fees and Payment.

3.1. Before the first day of every calendar month during the Hosting Term, BMS will pay to Stronghold \$600,000 (the “Upfront Monthly Payment”) in immediately available cash as set forth in Section 3.4. Notwithstanding anything to the contrary herein, the first Upfront Monthly Payment shall not be required to be paid by BMS until November 30, 2024, and at no point in time during the Hosting Term shall the aggregate amount of Upfront Monthly Payments outstanding exceed \$600,000.

3.2. As Bitcoins are mined by the Bitcoin Miners and PDUs, BMS, through its mining pool, shall send earned rewards on a daily basis to a pool subaccount, in accordance with the full pay per share (“FPPS”) method. If there are significant deviations between the FPPS payout to Stronghold and the expected payout based on performance, Stronghold may request an audit with which BMS shall cooperate. Subsequently, BMS shall cause the mining pool to then transfer a quantity of Bitcoin, which will be calculated as the product of total earned rewards and the difference between 100% and the prevailing “BMS Share” (as defined herein), to the designated wallet of Stronghold if the total earned rewards exceeds .01 BTC (the “Reward Limit”), except on the last day of each month, in which the Reward Limit is reduced to .001 BTC. For the avoidance of doubt, any partial BTC that is not paid to Stronghold on a certain day will be paid to Stronghold the next time BTC is paid to Stronghold; *provided* that BMS’s minimum thresholds for pool subaccount pay-outs are met.

3.3. Not later than twenty (21) days after the end of each month (the “True-up Date”), Stronghold shall provide to BMS the calculations of the “Monthly Service Fees” (as defined herein) and the “Actual Payment Amount” (as defined herein). If the Actual Payment Amount is less than 0, Stronghold will deliver an invoice to BMS for an amount equal to the Actual Payment Amount *multiplied by* negative one, which BMS will pay to Stronghold within five (5) Business Days of receiving the invoice. If the Actual Payment Amount is greater than 0, Stronghold will pay to BMS an amount equal to the Actual Payment Amount within two (2) Business Days of the True-up Date.

SPECIFIC TERMS IN THIS EXHIBIT HAVE BEEN REDACTED BECAUSE SUCH TERMS ARE BOTH NOT MATERIAL AND ARE THE TYPE THAT THE REGISTRANT TREATS AS PRIVATE OR CONFIDENTIAL. THESE REDACTED TERMS HAVE BEEN MARKED IN THIS EXHIBIT WITH (REDACTED).

- 3.4. Stronghold and BMS shall provide information regarding their fiat accounts and bitcoin public key addresses to be used for payments required hereunder via separate cover.
- 3.5. All fees are exclusive of taxes, including, but not limited to, sales, use, transfer, privilege, excise, VAT, GST, consumption and other similar taxes, fees, duties, governmental assessments, impositions and levies imposed on the transaction in question (including, without limitation, access and use of the Bitcoin Miners and PDUs and the delivery of Services), all of which BMS shall pay in full, or reimburse Stronghold for payments made on BMS's behalf; *provided* that BMS shall not be liable for taxes arising from Stronghold's income. Any payments due to Stronghold shall be accounted for in accordance with this Section 3.
- 3.6. Deposit. BMS will deposit with Stronghold simultaneously with the execution of this Agreement the sum of US\$7,800,000.00 (the "Deposit") (equal to US\$70 per MW *multiplied by* 50 MW and ninety-three (93) days (three (3) months) and twenty-four (24) hours), which Deposit, inclusive of any accrued and unpaid interest, shall be returned to BMS within one (1) Business Day following the end of the Hosting Term.
- 3.7. The Deposit shall bear interest at a rate per annum equal to the Interest Rate. Accrued interest on the Deposit shall be payable in arrears on each applicable Interest Payment Date; *provided* that (i) interest accrued pursuant to this Section 3.7 shall be payable on demand and (ii) at the time the Deposit is returned to BMS pursuant to Section 3.6, accrued interest on the Deposit shall be payable on the date of such return.
- 3.8. The accrued interest on the Deposit shall be due and payable in kind on each Interest Payment Date. Notwithstanding the foregoing or anything to the contrary contained herein, so long as no Event of Default has occurred and is continuing, on each date on which interest is to be paid in accordance with Section 3.7, such interest shall be paid in kind on each such date by capitalizing and adding such interest to the then outstanding amount of the Deposit ("PIK Interest") and any interest to be so capitalized pursuant to this Section 3.8 shall be capitalized on the relevant date provided for payment herein and added to the then outstanding amount of the Deposit so as to increase the amount of the Deposit, which Deposit amount shall be refunded in accordance with Section 3.6. For purposes of this Agreement, from the date so capitalized, PIK Interest capitalized pursuant to this Section 3.8 shall bear interest in accordance with this Section 3.8 as if it had originally been part of the amount of the Deposit and all references herein to the amount of the Deposit shall include PIK Interest.

SPECIFIC TERMS IN THIS EXHIBIT HAVE BEEN REDACTED BECAUSE SUCH TERMS ARE BOTH NOT MATERIAL AND ARE THE TYPE THAT THE REGISTRANT TREATS AS PRIVATE OR CONFIDENTIAL. THESE REDACTED TERMS HAVE BEEN MARKED IN THIS EXHIBIT WITH (REDACTED).

- 3.9. To the extent permitted by law and notwithstanding anything to the contrary in this Section 3, upon the occurrence and during the continuance of an Event of Default, the principal of, and all accrued and unpaid interest on, the Deposit shall bear interest, from the date such Event of Default occurred until the date such Event of Default is cured or waived in writing in accordance herewith, at a rate per annum equal at all times to 24.0%.

4. Access.

- 4.1. Access to Facilities. Other than as provided in Section 2.4, BMS shall not be permitted access to Scrubgrass other than through a supervised tour and upon prior written notice to Stronghold no less than forty-eight (48) hours in advance and such access shall occur during normal business hours. BMS may be permitted supervised access to Scrubgrass to provide repairs to Bitcoin Miners and PDUs that are not in working order or “Economically Obsolete,” in accordance with 2.2.2 above, or to replace any Bitcoin Miner or PDU at the request of BMS in accordance with Section 5.3. BMS will be solely responsible for any damage or loss caused by anyone acting for or on its behalf while at the Mining Facility except to the extent of any contributory negligence on the part of Stronghold.
- 4.2. Hazardous Conditions. If, in the reasonable discretion of Stronghold, its employees, or its agents, any hazardous conditions arise on, from, or affecting Scrubgrass, Stronghold is hereby authorized to suspend service under this Agreement for the affected site without subjecting Stronghold to any liability. Stronghold shall provide written notice of any such suspension of service to BMS within a reasonable time. In the event of an emergency, and upon prior written notice to BMS, Stronghold may rearrange, remove, or relocate Bitcoin Miners and PDUs without any liability to BMS. For the avoidance of doubt, BMS shall not be liable or responsible for any obligations under this Agreement during such period of suspended service.
- 4.3. Intermittent Outages. BMS acknowledges that Stronghold may curtail the Bitcoin Miners and PDUs upon the occurrence and continuation of a Force Majeure event, during outages for maintenance purposes, in the event Stronghold identifies a hazardous condition, or if Stronghold determines that it is in the best interest of, and more economical for, all Parties to the Agreement to sell power to the grid. Stronghold agrees to provide written notice to BMS of any of the foregoing events, as specified in this Agreement.

5. Removal, Relocation and Replacement of the Bitcoin Miners and PDUs.

- 5.1. Relocation by Stronghold. Stronghold may, from time to time, relocate Bitcoin Miners and PDUs within Scrubgrass to the extent Stronghold reasonably determines that such relocation is necessary to protect the Bitcoin Miners and PDUs from hazardous conditions, due to commercially unacceptable interference (as defined in Section 5.2), or to perform maintenance work on the Bitcoin Miners and PDUs. Stronghold agrees to provide written notice of any such relocation as soon as reasonably practical (or as set forth in Section 5.2 for commercially unacceptable interference). Stronghold must receive prior written approval from BMS to relocate the Bitcoin Miners and PDUs for any other reason. In any case, the site of relocation shall afford comparable environmental conditions for the Bitcoin Miners and PDUs, comparable accessibility to the Bitcoin Miners and PDUs, and comparable security conditions for the Bitcoin Miners and PDUs. Stronghold shall not arbitrarily or capriciously relocate the Bitcoin Miners and PDUs. If the Bitcoin Miners and PDUs are relocated according to this Section 5.1, the cost of relocating the Bitcoin Miners and PDUs shall be borne exclusively by Stronghold.

SPECIFIC TERMS IN THIS EXHIBIT HAVE BEEN REDACTED BECAUSE SUCH TERMS ARE BOTH NOT MATERIAL AND ARE THE TYPE THAT THE REGISTRANT TREATS AS PRIVATE OR CONFIDENTIAL. THESE REDACTED TERMS HAVE BEEN MARKED IN THIS EXHIBIT WITH (REDACTED).

- 5.2. Commercially Unacceptable Interference. If at any time any Bitcoin Miners and PDUs cause commercially unacceptable interference to other equipment at Scrubgrass and such interference cannot be cured within ten (10) days, Stronghold may, with prior written notice to BMS, relocate such Bitcoin Miners and PDUs at BMS's sole expense. Interference as used herein means either (i) damages to Stronghold network infrastructure, (ii) damages to energy sources throughout Scrubgrass, and/or (iii) significant negative impact on other miners' hash rate performance or (iv) to other equipment, goods or material at Scrubgrass
- 5.3. Equipment Removal and Replacement. During the Term or any renewal Term, BMS shall have the right to replace Bitcoin Miners and PDUs at Scrubgrass if BMS reasonably determines that such replacement will be economically beneficial. For the avoidance of doubt, a replacement Bitcoin Miner will be deemed economically beneficial if such replacement Bitcoin Miner (i) has the same or higher hash rate capacity as the replaced Bitcoin Miner and (ii) has the same or better efficiency than the replaced Bitcoin Miners and PDUs. In that event, Stronghold agrees, at BMS's sole cost upon not less than thirty (30) Business Days' notice, to remove the Bitcoin Miners and PDUs that are being replaced and arrange for the delivery of such removed Bitcoin Miners and PDUs to BMS upon the delivery by BMS of the replacement Bitcoin Miners and PDUs to Stronghold at Scrubgrass.

6. BMS Responsibilities.

- 6.1. Insurance. BMS acknowledges that Stronghold is not an insurer, and the Bitcoin Miners and PDUs in respect of which BMS holds title are not covered by any insurance policy held by Stronghold. BMS is responsible for obtaining insurance coverage for such Bitcoin Miners and PDUs for up to the full replacement cost of the Bitcoin Miners and PDUs during the Hosting Term, and BMS's failure to maintain the insurance coverage as required by this provision shall be a material breach of this Agreement. BMS shall assume responsibility for all costs related to damage to Stronghold's personnel and/or property as a result of BMS's gross negligence. In respect of those Bitcoin Miners and PDUs covered by BMS, BMS's insurance must be primary and non-contributory with respect to the Bitcoin Miners and PDUs and shall contain a waiver of subrogation clause in favor of Stronghold and shall name Stronghold as an additional insured.

SPECIFIC TERMS IN THIS EXHIBIT HAVE BEEN REDACTED BECAUSE SUCH TERMS ARE BOTH NOT MATERIAL AND ARE THE TYPE THAT THE REGISTRANT TREATS AS PRIVATE OR CONFIDENTIAL. THESE REDACTED TERMS HAVE BEEN MARKED IN THIS EXHIBIT WITH (REDACTED).

- 6.2. Equipment in Good Working Order. BMS represents and warrants that all Bitcoin Miners and PDUs delivered to Stronghold under the Agreement are functioning properly and suitable for use at the Mining Facility. To the extent that any Bitcoin Miner or PDU is deemed to be malfunctioning because that Bitcoin Miner or PDU fails to perform properly (“Nonconforming”), BMS may direct Stronghold to attempt to repair that Nonconforming Bitcoin Miner or PDU with all spare parts to be provided by BMS or may replace that Nonconforming Bitcoin Miner or PDU with a Replacement Bitcoin Miner or PDU provided at BMS’s sole cost and expense. It is understood that BMS is responsible for any costs associated with the troubleshooting and repair of Nonconforming Bitcoin Miners and PDUs including labor, parts and replacement of Nonconforming Bitcoin Miners or PDUs. Stronghold is not responsible in any way for installation delays or loss of profits as a result of Nonconforming Bitcoin Miners or PDUs. Once the Bitcoin Miners and PDUs are delivered by BMS to Stronghold, confirmed by both Parties hereto to be in good working order, and installed and operational, Stronghold shall ensure the ongoing services as stated in this Agreement. For the avoidance of doubt, this provision shall not apply in the event any defect and/or unsuitability of use of the Bitcoin Miners or PDUs is caused by the gross negligence or willful misconduct of Stronghold.
- 6.3. Compliance with Laws. BMS’s use of Scrubgrass and the Associated Equipment located at the Scrubgrass shall conform to all applicable Law, including international Law, the Law of the jurisdictions in which BMS is doing business and where Scrubgrass is located. As used herein, “Law” means any law, statute, rule, protocol, procedure, exchange rule, tariff, decision, requirement, writ, order decree or judgement adopted by or any interpretation hereof by any court, government agency, regulatory body, instrumentality or any other entity, including an electric utility, retail electric provider, regional transmission organization or independent system operator. In the event that there is a new Law or a change in Law that causes Stronghold to directly or indirectly incur new or additional costs in connection with this Agreement, which cost exceeds more than \$10,000 per month, Stronghold shall notify BMS as soon as reasonably practicable, and BMS shall have ten (10) days to decide whether to accept or reject such pass through costs. If BMS rejects the pass through costs, then either Party may terminate this Agreement without incurring further liabilities or obligations to the other Party (notwithstanding obligations due prior to and up until the time where notice of termination is provided). If BMS does not reject the pass through costs, then Stronghold may pass through such costs to BMS without markup. BMS shall timely cooperate in any audit or review of BMS’s compliance with the terms hereof conducted by or on behalf of Stronghold, responding accurately and completely to all inquiries, and providing any requested documents.

- 7.3. BMS further acknowledges that cryptocurrency price movements, mining difficulty adjustments, blockchain network forks, blockchain network attacks, blockchain service interruptions, protocol functionality upgrades and modifications, changes in Law, and legal and regulatory risks (“External Risks”) could have a material adverse impact on the value of cryptocurrencies, cryptocurrency mining, the Bitcoin Miners and PDUs, and the Hosting Services. Each Party assumes responsibility for all respective External Risks, and further, each Party hereby disclaims all liability for any losses that may arise from the other Party as a result thereof, unless otherwise indicated in this Agreement.
- 7.4. STRONGHOLD DOES NOT AND CANNOT CONTROL THE FLOW OF DATA TO OR FROM STRONGHOLD’S NETWORK AND OTHER PORTIONS OF THE INTERNET, OR ON ANY BLOCKCHAIN NETWORK. SUCH FLOW DEPENDS IN LARGE PART ON THE PERFORMANCE OF INTERNET SERVICES PROVIDED OR CONTROLLED BY THIRD PARTIES. - 7.6. Disclaimers. BMS understands and acknowledges that, in some situations, Bitcoin Miner or PDU functionality may be unavailable due to factors outside of Stronghold's reasonable control. This includes, but is not limited to network failures, pool operator failures, denial of service attacks, currency network outages, blockchain network outages or failures, hacking or malicious attacks on the crypto networks or exchanges, power outages, or acts of God. NOTWITHSTANDING SECTION 7.5 OF THIS AGREEMENT, STRONGHOLD SHALL HAVE NO OBLIGATION, RESPONSIBILITY, AND/OR LIABILITY FOR ANY INTERRUPTION OR DEFECTS IN ASSOCIATED EQUIPMENT FUNCTIONALITY. NOTWITHSTANDING SECTION 7.5 OF THIS AGREEMENT, IN NO EVENT SHALL STRONGHOLD HAVE ANY LIABILITY UNDER ANY CIRCUMSTANCES FOR: (A) ANY LOSS, DELETION, OR CORRUPTION OF BMS'S DATA OR FILES WHATSOEVER; (B) ANY LOST REVENUE TO BMS DURING OUTAGES, CURTAILMENT EQUIPMENT FAILURES, ETC.; (C) ANY INTERNET FAILURE OR OUTAGE; (D) DAMAGES RESULTING FROM ANY ACTIONS OR INACTIONS OF BMS OR ANY THIRD PARTY NOT UNDER STRONGHOLD'S CONTROL; (E) DAMAGES RESULTING FROM ANY THIRD-PARTY EQUIPMENT; OR (F) UNFORESEEABLE DELAYS OR ISSUES THAT MIGHT CAUSE THE MINING FACILITY NOT TO BE PREPARED TO INSTALL AND HOST THE BITCOIN MINERS, PDUS AND OTHER BMS EQUIPMENT CONTEMPLATED TO BE DELIVERED HEREUNDER IMMEDIATELY UPON ARRIVAL OR WITHIN THE TIMELINE EXPECTED BY BMS, OR ANY LOSS OF PROFITS OR INCURRENCE OF EXPENSES RELATED TO SUCH DELAYS IN DELIVERY.

Bitfarms Provides October 2024 Production and Operations Update

- Earned 236 BTC in October 2024 & Increased Bitcoin Treasury to 1,188 BTC -

This news release constitutes a “designated news release” for the purposes of the Company’s amended and restated prospectus supplement dated October 4, 2024, to its short form base shelf prospectus dated November 10, 2023.

Toronto, Ontario and Brossard, Québec (November 1, 2024) - Bitfarms Ltd. (NASDAQ/TSX: BITF), a global leader in vertically integrated Bitcoin data center operations, today announced its latest monthly production report. All financial references are in U.S. dollars.

In October, Bitfarms announced a second hosting agreement with Stronghold Digital Mining, Inc. (“Stronghold”) that will deploy 10,000 miners, originally scheduled for Yguazu, Paraguay, to Stronghold’s Scrubgrass site. This follows an initial hosting agreement for 10,000 miners signed in September for a total of 20,000 miners to be deployed at Stronghold’s two sites in Pennsylvania. The two hosting agreements support approximately 4 EH/s with energization expected in several tranches over the coming months.

CEO Ben Gagnon stated, “While we are pleased to have reached our year-end efficiency goal of 21 w/TH three months ahead of schedule, we recognize that we are behind schedule on delivering our mid-year 12 EH/s target. Despite improvements in recent miner shipments, continued miner warranty servicing has impeded the achievement of our hash rate target. We have a strong partnership with Bitmain and appreciate their diligence in rapidly servicing the underperforming miners as deliveries are scheduled to accelerate in the last two months of the year.”
